PZ-SUB

DOES A FINAL PLAT PROCESS APPLY TO YOUR PROJECT?

If your Preliminary Plat or Minor Subdivision have been approved by the Board of Supervisors and conditions of approval are being satisfied, this **Subdivision – Final Plat** process may then be initiated.

Please click here to view [an informational matrix](#) that summarizes the Subdivision approval process and requirements.

WHAT TO EXPECT

- **Read this document in its entirety before using the online portal to apply for a permit.**
- **Be Prepared** - Information to have ready and submittal requirements are noted below. All submittal items must be in electronic format PRIOR to initiating an online application. **Only PDF format will be accepted.**
- **Online Portal Tutorial** – please watch a very brief video [here](#) prior to applying online so you understand how to use the online portal permitting system.
- **Register** – You will need to register in the online portal [here](#) if you have not already done so. Please remember your e-mail address and password because you will need them for future log-ins.
- **Start Your Online Application** - When you have followed the steps above, initiate an application using the online portal [here](#). You will need to log in, select My Portal, then Apply Online, then Planning and Zoning, then “Subdivision (various types),” and follow the prompts from there. You can select the “subtype” on the next screen, among other details as delineated below under *Online Application Information*.
- **Submit** - Clicking “Save and Continue” at the end will submit your application and create a permit. You will have an opportunity to edit your information one last time prior to submitting, and if you need to make changes later you may contact staff for assistance.
- **Upload** – Once you have created your permit, you may scroll down to “Submittals” and upload your PDF documents. *Please see the Online Submittal Requirements below.*
- **Pay** – A planner will review your application and submitted documents and let you know if any submittal items are missing. After staff has processed your documents, you will receive a message from the online system telling you your permit is “***technically complete***.” This means it is time to log into the online portal to pay for your permit. If someone else will be paying for your permit, please contact staff for assistance.
- **Communication** – Your case will be assigned to a planner who will let you know if anything else is needed to proceed with your permit. Your case will be placed on an agenda when ready.
